Visitor Centre and Site Accommodation | April 2019

Eaton Road, Luddenham redevelopment works and vegetation clearing

Dear neighbour,

With works for the Western Sydney Airport Visitor Centre and Site Accommodation facility now underway, the Project team are preparing to commence delivering the redevelopment activities for Eaton Road, Luddenham.

These works will include:

- removal of trees and vegetation along Eaton Road
- earthworks and drainage work
- pavement construction
- line marking.

Other works planned over the coming months include:

- construction of in-ground services
- foundation works for the Visitor Centre
- delivery of Visitor Centre and Site Accommodation modules
- installation of a kiosk substation
- bulk earthworks

Please see map overleaf

All works are being carried out by Watpac Construction and are expected to be completed later in the year.

Vegetation Clearing

Vegetation clearing along the eastern side of Eaton Road will take place during the week commencing 8 April 2019. These works will include the removal of a number of existing trees to support redevelopment works.

Site Compound

The Visitor Centre work site compound (including offices) is located on the southern end of Eaton Road.

Traffic changes on local roads

Traffic control and pedestrian management, including temporary speed zones, traffic controllers and temporary barriers, may be in place to ensure the safety of motorists, residents and workers.

Construction vehicles will be using The Northern Road and Eaton Road as works are carried out. Measures will be in place to minimise impacts to you during the work.
